Offset Pole Holder Kit

Code: 80-5198-157

Operating Instructions

Offset Pole Holder Kit

- A surveyor's "bag of tricks".
- Tripod-mounted or hand-held applications.
- This kit permits the surveyor to handle odd setups:
 - Close to a wall.
 - Other side of a wall.
 - Top of a tall monument.
 - Odd construction points.
 - Hard to reach points, etc.
- Can be used as a safety extension with the 80-5001-020 Heads Up Vial (sold separately). Convenient for dangerous setups where a few extra feet may allow the point to be measured with minimal danger to the surveyor:
 - Close to dangerous equipment or materials.
 - Side of highways.
 - Hard-to-get-to construction points.
- Pipeline as-built surveys.
- Kit contains two pole holders, tripod washer, 5mm Allen wrench and padded bag.
